

# What can you do to promote pesticide-free parks?

**Find out at NCAP's annual get-together!**

## **Why pesticide-free parks**

- Reduce toxic runoff to streams and rivers
- Promote clean air
- Keep kids, pets, city workers and wildlife healthy
- Are successful in cities and towns across the Northwest
- Serve as a model for community residents and businesses to reduce their own pesticide use

## Make an Impact

At this event, you will...

- ✿ Learn why pesticide-free parks are important
- ✿ Learn how to take action to establish pesticide-free parks in your community
- ✿ Get connected with local activists and efforts
- ✿ Join NCAP staff and board for conversation and refreshments

## Be There
